FUTURE PROOF PERFORMANCE

DRAMA, AGES 7-11, 9.30AM - 3.30PM

Come and join us and make a play in a day. This half term we are exploring evolution and this action packed session will get you thinking about how we might evolve and what we may be capable of in the future. We will create a show to share with parents and carers at the end of the day. Who knows what the future might hold. Will we start to grow wings? Or tails? We're not sure what the answer is, but we can't wait to find out!

COST: £50. TUTOR: LAURENCE ALLISTON-GREINER

THE BIG BANG!

THE EVOLUTION OF THE BEANO

ART, AGES 8-14, 9.15AM - 3.45PM

The Beano is the longest running British Children's comic, published by DC Thomson. It's been going since 1938 and sells over 30,000 copies per week. Loved by children of all ages it shows the endurance of comic books to cross generations and the strength of the mischievous characters who continue to be popular to this day. We will explore the characters, past and present, look at the types of adventures they got up to, and predict some stories for the future. Story lines, themes and characters over the years have changed to reflect what was popular or part of culture at the time. What will the future hold for Dennis the Menace, Minnie the Minx and the Bash Street Kids? Students will create a *Beano* comic set in their own imagined future, taking part in creative writing, and improving their drawing techniques. At the end of the day they will have their own personal *Beano* comic strip.

COST: £50. TUTOR: SALINA GANI
