Early Years Music Tutors

Hilary Dolamore – Early Years Music Programme Lead

Hilary trained at the Royal College of Music as a post-graduate singer, and then in the Opera Department. Her singing work has taken her all over the UK in touring operas, and all over the world as a recitalist to Europe, Asia, Australia and New Zealand.

Hilary ran a community adult and baby music group in Catford for many years before joining the Conservatoire in 2017, first as a tutor, and then in 2020 becoming our Early Years Music programme lead.

Hilary takes great care to gently encourage and give space to those who need it, and always affirms every moment of progress, no matter how small.

“Our offering is very unique. From the earliest age group of six months, we combine lots of joyous music making with real musicianship which is accessible and transferable.”

“What gives me the greatest pleasure is observing how every child grows in confidence. There can be no greater seal of approval than seeing children I taught as babies carrying their cellos or piano music off to their individual music lessons.”

María José Andrade

María José Andrade is a British-Chilean theatre director. Her work moves across theatre, performance, music and sound experimentation. She has taught and mentored young people in organisations such as Kazzum Arts and

Pzazz in London and at John Muir School in California, USA. She sings and plays the guitar and has a passion for Latin American folk rhymes and tunes.

“Children’s curiosity is my main inspiration for building fun sessions that allow for active discovery and experimentation.”

Jo Barwick

Jo B trained as an actor at The Royal Central School of Speech and Drama, and then as a primary school teacher with early years specialism at Goldsmiths University. Jo has been teaching music to young children since 2012, training with Colourstrings, Steiner, and Montessori. She also works with Newham Music Hub Early Years Department to form responsive, child-led music sessions.

Jo’s main aim is for each child to know they are safe to be themselves, to take musical risks, and to learn from and have fun with their friends.

“It is a privilege to welcome parents and carers to our classes. I get to witness and expand on the bonding and joy in supporting their little family member to explore and enjoy rhythm, rhyme, pitch and dynamics.”

Ashleigh Charlton

Ashleigh studied both Opera and Early Years Music at the Royal Academy of Music. Coming from a theatrical background, Ashleigh uses storytelling to introduce the fundamental principles of music learning. She infuses each class with high energy and imagination, encouraging children to embrace music throughout their education.

“Singing has a profound impact on young minds. It brings me immense joy to help children discover the confidence to explore their own voices.”

Jo Girdlestone

Jo G studied at Drama Studio, London, and has worked in theatre and music education at many prestigious venues including the National Theatre, the Young Vic, the V&A and the Young V&A (previously the Museum of Childhood). She specialises in making original work with and for young people.

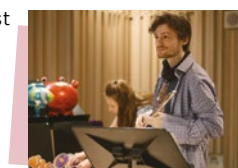

Jo plays acoustic guitar and sings, and you may have seen her performing her own songs on the live music circuit in Greenwich and beyond!

“This is one of the most illuminating and rewarding roles I’ve experienced. The classes are fun and inclusive, so babies and toddlers begin to know about music before they know what they know, making their onward musical adventure a natural progression.”

Nicholas Sabisky

Nicholas is a flautist and pianist, and he trained at the Royal College of Music, Guildhall, and Trinity Laban Conservatoire.

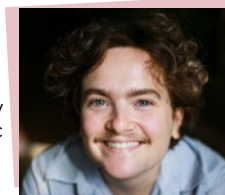

He is a composer and a keen improviser, and brings these skills to his Junior Musicianship classes. In Nicholas’s classes, young musicians will explore many different aspects of music that they might not have encountered before, having fun whilst building a solid foundation of musical knowledge.

“Creativity is vital to getting the best out of each pupil. I enjoy encouraging students to think for themselves and find creative solutions.”

Lyle Sauer

Originally from Chicago, Lyle Sauer is an interdisciplinary storyteller and music educator based in London. A skilled actor, musician, playwright, and director, Lyle brings imagination, empathy, and curiosity to all their projects. A graduate of Rose Bruford’s Actor Musicianship programme, Lyle plays the drums, mandolin, banjo, bass, and guitar, as well as singing.

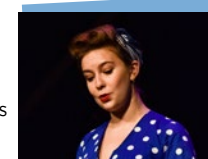

Lyle has extensive experience working with young children, having taught group and individual drum lessons to all ages around London for three years. They are dedicated to fostering creativity and a love of music in their students. As a musician, Lyle has worked as a pit percussionist, played in bands, and enjoys composing and writing their own music. With a background as a SEN teaching assistant and care worker, inclusivity and accessibility is at the forefront of everything they do. At the age of 18, they collaborated with engineers to create accessible multi-sensory instruments, which were donated to the music department of a special education school.

“I believe music is one of the most powerful tools we have for connection, self expression and healing. Playing music from a young age gave me a sense of confidence and belonging and it is my honor to share these gifts with my students”

Grace Watkins

Grace Watkins is a singer, music facilitator and educator. Grace has sung with the Northern Opera Group, Leeds Lieder Festival, Opera North and Utopia Theatre and Grosvenor Light Opera Company, amongst others. She has also worked extensively delivering music workshops in the community. This is with a particular focus on intergenerational groups, working with schools and care homes.

Alongside teaching Toddler Tunes and Little Maestros classes, Grace is a classroom music teacher in primary schools around South London. She is currently studying at Morley Opera School.

The Conservatoire is passionate about providing high-quality arts education for children right from the start of their musical journey. Our child-centred, engaging and comprehensive Early Years Music Programme develops musical skills from first responses to group performances, and guides children's first steps towards improvisation and composition.

Our programme provides a clear structure for your child's musical journey from birth to adulthood. You may of course simply choose to drop-in for a term, but for many families, this experience begins a long relationship with the Conservatoire family!

You will receive fantastic, focused tuition in a warm and welcoming atmosphere. Our class sizes are small and perfectly timed at 45 minutes and our unique and specialised curriculum is delivered by exceptional Tutors who are all both professional performers and early years specialists.

Exploring music through movement and storytelling is a key feature of all our classes, placing imagination and creativity at the centre of children's learning. We aim to unlock children's potential, enabling them to express their individuality while building a solid foundation for future music making.

"The programme is clearly expertly considered. The wide range of props, musical instruments, and fantastic new arrangements of nursery rhymes is wonderful. Very playful, fun and great interaction between the teacher and the kids in a small group which allows the kids to get to know each other!"

TUTORS: MARIA JOSE ANDRADE, JO BARWICK, ASHLEIGH CHARLTON, HILARY DOLAMORE, JOANNA GIRDLESTONE, NICHOLAS SABISKY, LYLE SAUER, GRACE WATKINS.

At this early stage of musical development, we focus on the interaction between child and carer. Musical concepts are introduced through play and through exploring different sound sources. These lay solid foundations in the brain for the development of speech and language: but above all, music-play helps babies feel happy and connected to the world!

At this stage, we begin to build solid foundations for our future musicians. Children start to engage with spontaneous music making, are encouraged to discover new instruments and explore all their different voices. With the help of puppets, musical concepts are gradually introduced and our repertoire of songs and rhymes constantly grows. Listening, imagination and fine motor skills are all enhanced, offering developmental benefits that go beyond music.

With their motor skills now developed, children continue to experiment with new instruments while musical concepts are consciously integrated. Teaching is also designed to enhance and promote other areas of learning set out in the Early Years Foundation Stage national curriculum. In this class, the children learn basic techniques on this little instrument in an engaging and fun way. Together as a group, we explore all the sounds a ukulele can make, as well as strumming open string pieces and plucking with simple chords. We even work together to write our own little pieces of music. Best of all: ukuleles always sound good! This class is the perfect introduction to playing a stringed instrument. Students will progress through classes and are then able to join one of our many **group string classes**.

This is an ideal class for any Junior Musician, whether they are already beginning to learn an instrument or are thinking of taking one up but do not feel ready just yet. Based on music theory and the KS1 national curriculum, the course continues to explore the concepts that have been set out in other Early Years classes. Children will copy and recognise more complex rhythms, improvise their own musical patterns and explore core skills in rhythm, pitch and musical expression through songs, games and stories.

This class is a perfect follow-on from our Little Maestros early years' classes (see page 16), and also complements individual tuition (page 5), Junior Choir (page 26) or Roundabout (page 23).

The Little Art-Venture Club is a great introduction to the world of art. These child-led, exploratory sessions will enable you and your child to discover different materials, textures and art forms in an engaging and stimulating environment. Children acquire new skills on a week-by-week basis and gain more confidence in the vocabulary they use to describe what they see and feel.

Activities are kept relevant and interesting by linking classes to seasonal activities and celebrations. You can purchase an 'Art-Venture sketchbook' in which all the work your child produces over the course is collected: this serves as a wonderful record of their progress and a real source of celebration. These are available from your Tutor for £5.

Please note, these are not drop off sessions, and parents and carers are expected to stay and join in.

Barre&Baby™ (bumps - walking) no class on 6th November

Wednesday | 09.45 - 10.30 | 11 Sept - 11 Dec | Bumps to walking children | 13 | £132 (drop in fee £15)

Barre&Baby is a space for people to bring balance back into their lives using the beauty of dance and movement. From both a physical and mental point of view, dance can be strengthening and liberating. Every step of Barre&Baby has been designed to improve pregnancy and postnatal wellbeing. By involving everything from fingers to toes, we're aiming to create space, improve circulation, strengthen the body and increase flexibility. Greater body awareness leads to better posture and alignment (crucial to avoiding aches and pains) and empowers mums to trust their body's signals (so useful during pregnancy and birth!). By staying so close to you, your baby develops a sense of security and protection. Our soothing and relaxing music, played live, transmits positive feelings and supports your baby's sensory development. The vestibular system (the part of the inner ear that helps coordinate movement with balance) is stimulated by your own movements as you dance, and your baby's cardiac system grows stronger as a result of the workout.

Barre&Baby can provide powerful benefits for the mind too. As you concentrate on our dance steps, you'll find yourself entering a sort of meditation in movement, while activating the release of endorphins (the 'feel-good' hormones), boosting energy levels and uplifting your spirit.

Finally, as the saying goes: "meeting someone while dancing means meeting them in their soul". Many friendships are born on the dance floor, and Barre&Baby classes are a wonderful way to make new friends. All levels are welcome, you do not have to have any dance experience to benefit from Barre&Baby.

This class includes live music and will be accompanied by a musician.

Please wear comfortable clothing that you can move in, dance yoga socks or soft ballet shoes. Expectant mothers are welcome after 12 weeks of pregnancy.

For postnatal mums, please make sure you have had your 6 week check before joining. Please bring a carrier/sling for the babywearing section of the session. You are welcome to book the whole term or to drop in to these sessions.

Music for Children & Young People (5 - 18 yrs)

Why join our classes?

- High-quality, progressive group lessons developing instrumental and musicianship skills
- Supportive small groups enhance social skills, collaborating with others and sometimes taking the lead
- Taught by accomplished practising musicians
- Opportunities to perform and share creatively
- Structured learning, feedback and reports

Our classes will help improve and develop:

- Communication, imagination and self-expression
- Social development, self-esteem, listening and speech & language skills
- Cognitive development (concentration, memory, pattern recognition)
- Motor skills (dexterity, co-ordination, playing skills)

Our high-quality group lessons allow children to develop increasingly sophisticated instrumental and musicianship skills in a fun and motivating environment. Our flagship **Roundabout** programme introduces children to six instruments over the course of a year. Our follow-on programme **Play!** is designed to help children progress further in group learning on their favoured instrument.

Learning music improves concentration, memory, imagination and the development of fine motor skills. The supportive environment of our small group lessons enables children to grow in self-confidence as well as enhance their listening, collaborative and non-verbal communication skills. Children show obvious pride in their own achievements, whilst celebrating their classmates' skills and progress. It is also an energising and uplifting experience and a great way to make new friends!

Courses can be combined with **Junior Musicianship** (see page 28) or **Theory Plus!** (see page 28) for a fully rounded musical education. As children develop independence and are able to control voice and instruments technically, they can move on to individual or shared lessons: these opportunities offer the most focused, personalised experience with one of our team of exceptional Tutors (see page 5-6).

"My daughter says her tutor is the best at teaching, explaining and giving advice. Also, she commented 'my tutor is extremely patient, caring and helps me progress'."

Not sure what instrument your child would like to learn? Let them try six alongside developing a wonderful musical foundation (instruments are provided).

A unique and very popular one-year introduction to six instruments for those who would like to try out a series of options before deciding what they would like to learn. Children learn in small groups, spending half a term on each of the following: strings, brass, guitar, piano, flute and percussion. Classes include a mixture of songs, musical games, instrumental techniques and creative projects.

Over the course of the year, in 12-week terms, children develop skills in rhythm, pitch, notation, performance and composition, as well as learning the basic technique for playing each instrument. You receive a termly report on your child's progress to keep you informed of their achievements.

Each half term includes a 'Show & Share' class, where all the children come together to perform. This provides an opportunity for friends and family to share in the children's achievements and celebrate their progress and culminates in an end-of-year Celebration Concert.

Roundabout is very popular and places are often filled by those on the waiting list. Please do contact us to see if we do have spaces or to join the waiting list yourself.

Please note that this is a year-long course, with a cost of £288 in each 12-week term.

Bookings for the Spring Term will be open at a later date. We recommend you sign up for the waiting list, to be notified when spaces become available for future terms.

Roundabout leads on to our fantastic music programme for 6 - 9 year olds - **Play!**

TUTORS: THIS COURSE IS TAUGHT BY A RANGE OF OUR OUTSTANDING TUTORS.

Play! Violin, Cello, Flute & Play! Orchestra

This is a year-long course taught by a range of our outstanding tutors, all of whom are very experienced teachers and performers.

Play! is the perfect follow-on course from Roundabout or for beginners who would like to learn one instrument for a full year and graduate from the programme with their Play! Certificate. Children are taught in small groups and, by the end of this year-long programme will be able to:

- play a short piece from memory,
- read simple rhythms and notes,
- clap back rhythms,
- demonstrate a good knowledge of their chosen instrument.
- read and play back a melody,

One of the many joys of learning to play an instrument is getting to play alongside other people. To enable this to happen, we run the Play! Together Orchestra which regularly joins cello, violin and flute classes together. Below please see the combined time of the orchestra and group tuition sessions.

Please note that this is a year-long course. Learners will need their own instrument. If you are interested in hiring an instrument for the course please ask our front desk for details.
